TECHNICAL DATA SHEET

PP-T GRAYISH WHITE

Recycled Talc-Filled Polypropylene (PP) Granules

PRODUCT OVERVIEW

Material: PP-T

Form: Resin / Pellets

Source: Post-consumer

Grade: Injection / Extrusion

Color: GRAYISH WHITE

Filler: 25% -30%talc

Application: Electronics, hangers, spools, toys, etc.

Monthly Supply: 250 MT/month

SPECIFICATIONS & TEST DATA

PROPERTY	VALUE
Melt Flow Index (MFI)	6–7 g/10 min
Density / Specific Gravity	1.2 g/cm³
Toughness / Impact (Izod)	4–6 kJ/m²
Tensile Elongation at Break	Not specified
Tensile Strength	Not specified
Flexural Strength	Not specified
Flexural Modulus of Elasticity	Not specified

Total Quantity	**250 MT**	**Monthly Supply**	**250MT/month**

Important: Values are based on the supplied product TDS information. Test methods and certain mechanical properties were not provided in the source documents. Actual values may vary by production batch.
