

JEC PARIS-NORD
VILLEPINTE
WORLD
2019 The Leading
International
Composites
Show

March 12-13-14, 2019

U.S. Exhibitors at JEC World 2019 are looking for partners and clients worldwide.

You, as a user, distributor, processor or manufacturer of composites materials, know that **JEC World 2019** (Paris, March 12-14), is THE largest event in the world for composites materials and technologies. It is the international meeting place for all those involved in composites raw materials, processing and equipment.

The U.S. companies listed below are looking for new customers and commercial partners all around the world.

If you would like our assistance to connect with them, we will be happy to do so.

The Paris Commercial Service will welcome you in **Hall 6 Booth P46e**. Please take the time to contact us so we can help you make the most of your visit at the JEC fair.

We look forward to meeting you at JEC 2019!
<https://www.jec-world.events/>

A&P TECHNOLOGY - Hall 6 - G6

Website: www.braider.com

Product description : Producer of fiber based textile intermediates, in-house braiding machinery, modern facilities, state-of-the-art manufacturing technologies, and industry-leading R&D capabilities

A.SCHULMAN INC. / QUANTUM COMPOSITES - Hall 6 - R32

Website: <http://www.quantumcomposites.com/>

Product description : Raw material producer, international supplier of engineered composites, high performance plastic compounds, masterbatches and resins

ADVANCED CERAMICS MANUFACTURING - Hall 5 - P101

Website: <http://www.acmtucson.com/>

Product description : Raw material producer, producer of manufacturing equipment related to composite part manufacturing, designs and manufactures high-performance ceramics including water-soluble mandrel tooling materials and ceramic tooling for advanced composite

AGY HOLDING CORP - Hall 5 - G41

Website: www.agy.com

Product description : Raw material producer, glass fibre yarns, rovings, and chop products

AIRTECH ADVANCED MATERIALS GROUP - Hall 5 - G39

Website: www.airtechonline.com/

Product description : Raw material producer, producer of consumable used with manufacturing equipment, academia & training, vacuum bagging and composite tooling materials, for preparing autoclave, resin infusion and wet lay-up processes up to 426 degrees

ALIGNED VISION - Hall 5 - E34

Website: <https://aligned-vision.com/>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, producer of manufacturing equipment related to composite part manufacturing, service providers - composite industry & general, automatic inspection solution for composites, including FOD prevention; early actionable detection of out-of-tolerance features

ALTAIR INCORPORATION - Hall 5 - G97

Website: <https://www.altair.com/>

Product description : Software supplier for design and/or manufacturing, service providers - composite industry & general, application of simulation technology to synthesize and optimized designs,. Engineering simulation and computing technology

ASCENT AEROSPACE - Hall 5 - Q11

Website: <https://ascentaerospace.com>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, producer of manufacturing equipment related to composite part manufacturing, metallic and composite lay-up moulds and cure tools for the latest generation of composite airframes and modern space launch systems

ASTROSEAL PRODUCTS MFG CORP - Hall 6 - P68

Website: <http://www.astrosealproducts.com/>

Product description : OEM and other composite end users, lightning strike protection, nonwoven metallic mesh used for lightning and other shielding protection of composite aircraft and other structures including wind turbines

Aviation Devices & Electronic Components LLC - Hall 6 - T63

Website: www.avdec.com

Product description : Av-DEC has products that are currently in use solving a wide variety of corrosion problems with Non-Hazardous Polyurethane based products on commercial and military aircraft.

Specific areas of focus for corrosion prevention:

Aircraft to Antenna Mating Surfaces

Aircraft Structural Areas

Wire Harnesses & Interconnects

AXEL PLASTICS RESEARCH LAB - Hall 5 - G16

Website: <https://axelplastics.com>

Product description : Raw material producer, proprietary mould releases and process aid additives for all types of plastics, rubbers, and urethanes

BALLY RIBBON MILLS - Hall 6 - M73

Website: <https://www.ballyribbon.com/>

Product description : Producer of fiber based textile intermediates, producer of fiber/resin based semi-finished intermediates e.g. prepreg, composite parts producers, 3d woven and braided materials and structures, supplied as dry preforms or resin-infused preforms

BARRDAY COMPOSITE SOLUTIONS - Hall 5 - R64

Website: <http://www.barrday.com/>

Product description : Producer of fiber/resin based semi-finished intermediates e.g. prepreg, fibre reinforcements in woven or unidirectional form, prepregs and semi-prepregs using thermoset or thermoplastic resins for our customers in aerospace, military/defence, transportation, energy and protective markets

BLUESHIFT - Hall 6 - L56

Website: <https://www.blueshiftmaterials.com/>

Product description : Raw material producer, created AeroZero™ a polymer aerogel

BONDTECH CORPORATION - Hall 6 - A66

Website: <http://www.bondtech.net/>

Product description : Producer of manufacturing equipment related to composite part manufacturing, manufacturing, designing, engineering, and selling autoclaves and autoclave systems for aerospace composites and bonding

CLICK BOND INC. - Hall 5 - P06

Website: www.clickbond.com

Product description : Composite parts producers, fasteners available in aluminium, stainless steel, titanium, glass/epoxy, carbon/epoxy and thermoplastic baseplate materials

COAST COMPOSITES - Hall 5 -Q11

Website: www.coastcomposites.com/

Product description : Producer of manufacturing equipment related to raw materials and intermediates, producer of manufacturing equipment related to composite part manufacturing, metallic and composite lay-up moulds and cure tools that can produce flight-critical structures for next generation airframes and modern space launch systems

CORELITE INC - Hall 5 - E27

Website: <https://www.corelitecomposites.com/>

Product description : Raw material producer, service providers - composite industry & general, BALSASUD core: end-grain balsa wood core materials, CoreLite Board: PVC foam board, CoreLite PET: PET foam, CoreLite PVC: PVC foam core

CVC THERMOSET SPECIALTIES - Hall 5 - P88

Website: www.cvc.emeraldmaterials.com/

Product description : Raw material producer, performance chemicals as toughening agents

DEXMET CORPORATION - Hall 5 - L58

Website: www.dexmet.com

Product description : Raw material producer, service providers - composite industry & general, composite materials for lightning strike protection and shielding, expanded ductile metal foils and high temperature polymers for applications in the aerospace, power generation, filtration, and automotive industries

DIVERSIFIED MACHINE SYSTEMS (DMS) - Hall 6 - G71

Website: www.dmscncrouters.com

Product description : Producer of manufacturing equipment related to raw material and intermediates, producer of manufacturing equipment related to composite part manufacturing, service providers - composite industry & general, manufacturer of 3-axis and 5-axis CNC routers, hybrid metal and composite additive machining centres and friction stir welders

DIXIE CHEMICAL - Hall 6 - M76

Website: <https://www.dixiechemical.com/>

Product description : Raw material producer, producer of epoxy curing agents and specialty chemicals for the thermoset and composite markets. Range of anhydride curing agents, reactive diluents, tougheners, resins, and bio-based thermosets

DUNSTONE COMPANY, INC - Hall 6 - G17

Website: <https://www.shrinktape.com/>

Product description : Producer of consumables used with manufacturing equipment, producer of other semi finished intermediates e.g. standard products for machining, heat-shrinkable films,

designed to apply compaction force to curing parts, tubing for release coating tooling, or shrinkable and non-shrink release films and tubing

EASTMAN MACHINE COMPANY - Hall 6 - D59

Website: <https://www.eastmancuts.com/>

Product description : Producer of manufacturing equipment related to composite part manufacturing, cutting and handling of dry fibre and prepreg composites

ELECTROIMPACT - Hall 5 - N63

Website: <https://www.electroimpact.com/>

Product description : Producer of manufacturing equipment related to composite part manufacturing, aerospace automation, assembly systems, riveting machines, composite deposition machines, spacecraft handling equipment

ENGINEERING TECHNOLOGY CORPORATION - Hall 5 - E14

Website: www.entec.com/

Product description : Producer of manufacturing equipment related to composite part manufacturing,

HARPER INTERNATIONAL - Hall 6 - C49

Website: <https://www.harperintl.com/>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, producer of manufacturing equipment related to composite part manufacturing, producer of testing equipment, thermal processing technology for carbon fibre, large scale production lines, oxidation ovens, LT, HT and UHT furnaces

HIGHLAND COMPOSITES - Hall 5 - N21

Website: <https://www.highlandindustries.com/capabilities/composite-structures/>

Product description : Producer of fiber based textile intermediates, composite parts producers, standard & over-braiding, filament winding, resin infusion, Va/RTM, and platen press

INGERSOLL MACHINE TOOLS INC - Hall 5 - N64

Website: <http://www.camozzimachinerytools.com/en/camozzigroup/machine-tools/home>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, producer of manufacturing equipment related to composite part manufacturing, software supplier for design and/or manufacturing, fibre and tape placement machines with the full development of a robotic process for medium sized parts, inspected after deposition by the use of the ACSIS Automated System

INNEGRA TECHNOLOGIES - Hall 6 - R19

Website: <http://www.innegrates.com/>

Product description : Raw material producer, high-performance of composite and textile applications

IST- Industrial Summit Technologies - Hall 5 - M 84

Website: www.istusa.com

Product description : Raw material producer, high performance composite materials adhesive, aromatic polyamides

IZUMI INTERNATIONAL INC - Hall 5 - N78

Website: <https://www.izumiinternational.com/>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, distributors, agents, representatives, carbon fibre production and downstream equipment for carbon fibre processes to control fibre tension and weave carbon fibre

LEESONA - Hall 5 - B81

Website: <http://www.leesona.com/>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, take-up winders, re-winders, spool/parallel and traverse winding systems

LINDAU CHEMICALS - Hall 6 - M86

Website: <http://www.lindau.net/>

Product description : Raw material producer, low-viscosity liquid hardeners are used with carbon fibre and glass fibre composite manufacturing processes. Lindoxy speciality epoxy resins complete the offering, for improved heat and chemical resistant applications

MAGNA EXTERIORS - Hall 6 - E6

Website: <https://www.magna.com/capabilities/exterior-systems/about-magna-exteriors>

Product description : Composite parts producers, composites technical and technology transfer centres, automotive exteriors, fascia systems, exterior trim, modular systems, class A body panels and structural components

MAGNUM VENUS PRODUCTS - Hall 5 - V42

Website: <http://www.mvpind.com/>

Product description : Producer of manufacturing equipment related to raw materials and intermediates, producer of manufacturing equipment related to composite part manufacturing, composite application equipment: pumping systems, spray guns, and filament winding systems.

MCCLEAN ANDERSON - Hall 6 - L75

Website: <http://www.mccleananderson.com/>

Product description : Producer of manufacturing equipment related to composite part manufacturing

MEGGITT - Hall 6 - A28

Website: <https://www.meggitt.com/about-us/>

Product description : Global supplier of advanced composites, braking systems, fire protection and controls, fuel systems, motion control, sealing solutions and thermal management systems.

MTS Systems Corp - Hall 5 - L76

Website: <http://www.mts.com/en/index.htm>

Product description : Testing and sensing solutions allowing customers to develop higher-quality products, faster and more efficiently, optimizing the performance and reliability of everything from automobiles and aircraft to bridges and buildings to construction equipment and more.

MULTIMECHANICS - Hall 6 - J94

Website: <https://multimechanics.com/>

Product description : Software supplier for design and/or manufacturing, product development

NDT SYSTEMS INC - Hall 5 - H101

Website: www.ndtsystems.com

Product description : Producer of testing equipment

Website: <https://okcommerce.gov/>

Product description : Increase revenue by attracting the right mix of retail to your community with our Business Analyst Reports powered by data from Esri., Understand and demonstrate the economic impact of your project or program with a custom impact analysis report.

OLIN EPOXY - Hall 5 - D41

Website: <https://olinepoxy.com/>

Product description : Raw material producer, epoxy supplier

PARK ELECTROCHEMICAL CORP. - Hall 5 - G85

Website: <https://parkelectro.com/>

Product description : Composite parts producers, OEM and other composite end users, producer of manufacturing equipment related to composite part manufacturing, develops and manufactures advanced composite materials, primary and secondary structures and assemblies, and low-volume tooling for the aerospace markets

SAINT GOBAIN - Hall 6 - U45

Website: www.plastics.saint-gobain.com

Product description : Producer of consumable used with manufacturing equipment, service providers - composite industry & general, aerospace, automotive, life science, and infrastructure

SMART TOOLING DIVISION OF SPINTECH, LLC - Hall 6 - B40

Website: <http://www.smarttooling.com/>

Product description : Producer of manufacturing equipment related to composite part manufacturing, distributors, agents, representatives, composite parts producers, formable, reusable tooling solutions,

SOLVAY - Hall 5 - L42 - M55

Website: <https://www.solvay.com/en/index.html>

Product description : Raw material producer, thermoset and thermoplastic composites, carbon fibre, adhesives and process materials

TCR COMPOSITES - Hall 6 - E83

Website: <http://tcrcomposites.com/>

Product description : producer of fiber/resin based semi-finished intermediates e.g. prepreg, continuous tow/roving, woven and stitched fabrics, braided sleeves, and unidirectional tapes

THE GILL CORPORATION - Hall 5 - E18

Website: <https://www.thegillcorp.com/>

Product description : raw material producer, OEM and other composite end users, honeycomb, high-performance floor panels, cargo compartment liners and original equipment for passenger and freighter aircraft

TR INDUSTRIES - Hall 6 - A31

Website: <http://www.trindustries.com/>

Product description : producer of consumables used with manufacturing equipment, mould releases and related surface care products, pastes waxes, liquid waxes, polishing compounds and semi-permanent release coating for both traditional fiberglass production and advanced composite applications

TX AEROCOMPOSITES - Hall 5 - S29

Website: <https://www.txvaero.com/>

Product description : TxV delivers leading-edge part solutions for commercial aerospace to reduce weight, cost and cycle time.

WEB INDUSTRIES - Hall 5 - L06

Website: <https://www.webindustries.com/>

Product description : Service providers - composite industry & general, distributors, agents, representatives, OEM and other composite end users

WICHITA - Hall 6 - L93

Website: <https://www.wichita.edu/>

Product description : Composites and Advanced materials lab - R&D researches capabilities

ZETEC - Hall 5 - P99

Website: <http://www.zetec.com/>

Product description : Producer of testing equipment, other composites industry interested parties, non-destructive testing

ZOLTEK - Hall 5 - J21

Website: <http://zoltek.com/>

Product description : Raw material producer, producer of fiber based textile intermediates,
