

## All Events Located at the USA Pavilion in Hall 12, Both E 101 (unless noted)

9:30 -9:45 a.m. How to Address the Press? Success Strategies for U.S. Companies Through Effective Public Relations in Europe  
Thomas Masuch, ZIKOMM/ FON Magazine

9:45 - 10:15 a.m. TÜV Rheinland - Safety and Global AM Certification Strategies  
Oliver Buchwald, TÜV Rheinland

10:15 - 10:30 a.m. Recent Developments in U.S. Additive Manufacturing  
Representative from The Association for Manufacturing Technologies (AMT)

10:30 - 11:00 a.m. Medical AM in Focus -Developments for this Growth Market  
Lauralyn McDaniel, ASME, Industry Events Manager

11:00 a.m. - Noon USA Pitch Fest Session 1: Quick Pitch  
US Pavilion Exhibitors & Trade Mission Participants  
Present their Products and Business Proposals:

Formetrix, Inc., booth: 11.0 B03

Formetrix has developed a portfolio of new steels from automotive sheet to powders for additive manufacturing. Each alloy is designed to be manufactured with standard production equipment and deliver targeted performance properties depending on the application requirements.

Sintavia, Inc., booth: 12.0 C16

Sintavia offers vertically integrated, end-to-end metal additive manufacturing “AM” production processes and supplies high-quality components to aerospace, automotive and other industries.

Titan Robotics, Ltd., booth: 12.0 E101A

Titan Robotics, Ltd is offering complete production additive manufacturing solutions to break down barriers to the adoption of Additive Manufacturing.

Chromatic 3D Materials (visitor)

Chromatic 3D Materials researches and develops printing technology with thermoset applications, encompassing a broad class of materials including polyurethanes, silicones and epoxies.

Flow Science, Inc., booth: 12.0 A70

Flow Science products offer multi-physics simulation with diverse modeling capabilities including fluid-structure interaction, 6-DoF moving objects, and multiphase flows.

Noon - 1:00 p.m. Lunch Break

1:00 - 2:00 p.m. USA Pitch Fest Session 2: Quick Pitch  
US Pavilion Exhibitors & Trade Mission Participants  
Present their Products and Business Proposals:

MBDA GA Tech (visitor)

The Atlanta MBDA Advanced Manufacturing Center (AMC) is part of a national network of 40 centers and special projects. It facilitates minority business enterprises' access to resources and connects them with customers to scale and grow. It connects with European companies seeking to open production facilities in the U.S. and partner with AMC clients.

Tethon Corporation dba Tethon 3D, booth: 12.0 E101G  
Tethon Corporation dba Tethon 3D supplies products and service for ceramic 3D printing.

HRL Laboratories, LLC, booth: 12.0 E101H

MMIC products, corporate research and development services, microelectronics foundry services for military and aerospace applications, and providing specialty machining services and custom parts development.

Authentise, Inc., booth: 12.0 E101K

Authentise is develops software for additive manufacturing automation.

DigiFabster, Inc., booth: 12.0 E101D

DigiFabster is a software-as-a-service (SaaS) company that provides cloud-based tools that help advanced manufacturing

companies automate quoting, order entry and customer support.

- 2:00 - 2:30 p.m.    Legal Topics in Additive Manufacturing  
Klaus Brisch, LL.M. (USA), Partner and Global Head of  
Technology, DWF Germany Rechtsanwaltsgesellschaft mbH
- 2:30 - 3:00 p.m.    America Makes and the U.S. Additive Manufacturing Landscape  
Dean Bartles, America Makes/NCDMM
- 3:00 - 3:30 p.m.    Aerospace/Automotive AM in Focus - Certification Aspects for  
AM Applications and Components  
Peter Doty, SAE
- 3:30 - 4:30 p.m.    Break
- 4:30 - 5:00 p.m.    Signing Ceremony of Cooperation Agreement Between ASTM and  
TÜV SÜD (to be determined).
- 5:00 - 5:30 p.m.    Additive Manufacturers Users Group (AMUG) - An Introduction  
and Overview from the Top  
Gary Rabinovitz, AMUG Chairman
- 5:30 - 6:30 p.m.    International Reception  
Sponsored by Mesago and AMUG
