
物性表 Technical Data Sheet

PBT KH2100

Property 特性	Unit 单位	Typical Values 数据
PHYSICAL		
Viscosity 粘度		1
Melt Flow Rate 熔融指数(230℃ /2.16kg)	g/10min	19
MECHANICAL		
Tensile Strength 拉伸强度	Mpa	50
Elongation at break 伸长率	%	150
Flexural Strength 弯曲强度	Mpa	70
Flexural Modulus 弯曲模量	Mpa	/
Izod Notched Impact 悬臂梁缺口冲击	J/M	40
THERMAL		
Melting point 熔点	℃	222
Flame Retardancy 阻燃系数	-	

Remark:
The above data is based on laboratory test results, and there may be errors with the actual situation. Our company will try our best to guarantee the stability of different batches and the consistency of samples. We will truthfully inform the basic information of the products, and the customers themselves must judge whether the products meet their own requirements.
