

PP Black 625 Granules

Name of the material	PP-625-Black		
Source Material	<i>Post Industrial & Post Consumer</i>		
Granule size	<i>2-7 mm</i>		
Volume available	<i>100MT per month</i>		
Packing	<i>Big bags</i>		
Mesh size during production	<i>Nº 30</i>		
Properties	Values	U.M	Test Method
Melt Flow Rate	<i>8</i>	<i>g/10min</i>	<i>ISO 1133 (230 °C/2,16 kg)</i>
Density	<i>0.99</i>	<i>g/cm3</i>	<i>ISO 1183</i>
Processing Parameters	Values		
Melt Temperature	<i>210 - 250 °C</i>		

Additional notes: Reported test result values are average data that have been obtained after several tests in production. Specific value of the lots can be only issued through certificates of Analysis under request. Material quality as per samples provided.
